

## Finding the books for your classes

1. On the snow.edu website, look under “Office” and select “Campus Store”.
2. Then click on “https://snow.textbookx.com/”.

The screenshot shows the top navigation area of the Snow College website. On the left is the Snow College logo, consisting of a stylized orange 'S' and the text 'SNOW COLLEGE' in blue. To the right is a search bar with the placeholder text 'Enter a course name or code, e.g. Accounting 101' and a magnifying glass icon. Below the search bar is a checkbox labeled 'Search by instructor'. In the center, there are two buttons: 'Find Your Course' with a magnifying glass icon and 'Log In' with the subtext 'View your courses'. Below these buttons is a dark blue banner with the heading 'View Your Course Items' in orange. The banner contains text explaining that users can log in to view personalized course pages or use the 'Find Your Course' menu. A 'Log in with your Snow College Account:' section features an orange 'Log in' button with a right-pointing arrow. At the bottom left of the banner is a 'Find Your Course' link with a right-pointing arrow.

3. You will then select “Log In” and type your username and password.

The screenshot shows the Snow College Login page. At the top is the Snow College logo. Below it is a dark blue header with the text 'Snow College Login'. A black callout box with orange text says 'To login, enter your Snow college username and password'. Below this are two input fields: the first is for the username and the second is for the password, with a key icon and a dropdown arrow on the right. At the bottom right is an orange 'Log In' button.

4. After you log in, you will see the textbooks you need. Click on “New, Used, Marketplace, or eBook”.

5. After you add your textbooks to Cart, choose “ship to campus store”. Once you pay them, you see the conformation number. Please keep it to pick up your textbooks.
6. You can choose to buy your book here or you can search online for a cheaper book. Please be aware that you will need the EXACT same book. This means that you need to pay attention to the title, author and edition of book. If you search for the title of the book only, you may accidentally buy the wrong book!
